City Council Regular

Meeting Date: December 16, 2019

Submitted By: Pam Vann, Finance Director

Department: Finance **Presented By:** Pam Vann

SUBJECT:

Discuss and consider a Resolution of the City of Sapulpa, Oklahoma amending the FY 2019-2020 Grants and Aid Fund annual budget by increasing revenues in the amount of \$141,426.00 and appropriations in the amount of \$153,883.00 to recognize grant revenue from the Federal Emergency Management Agency (FEMA) to be used for training.

BACKGROUND:

The City previously received a grant award from FEMA in the total amount of \$293,191.00 with a total cost match of \$29,319.00 for a total of \$322,510.00. These funds are for rescue and hazmat training for the fire department. This resolution is for the remaining funds of this grant which have not been previously recorded.

RECOMMENDATION:

Staff recommends approval of this resolution.

Attachments

Grants & Aid Budget Resolution-FEMA (fire) Grant

Grants & Aid Budget Adjustment-FEMA (fire) Grant

A RESOLUTION OF THE CITY OF SAPULPA, OKLAHOMA AMENDING THE FY 2019-2020 GRANTS AND AID FUND ANNUAL BUDGET BY INCREASING REVENUES IN THE AMOUNT OF \$141,426.00 AND APPROPRIATIONS IN THE AMOUNT OF \$153,883.00 TO RECOGNIZE GRANT REVENUE FROM THE FEDERAL EMERGENCY MANAGEMENT AGENCY (FEMA) TO BE USED FOR TRANING.

WHEREAS, the City of Sapulpa, Oklahoma received a grant award from FEMA in the total amount of \$293,191.00 with a required match of \$29,319.00 for a total cost of \$322,510.00; and

WHEREAS, the funds will be used for rescue and hazmat training including the costs of callback pay required; and

WHEREAS, partial funds for this training have been previously appropriated; and

WHEREAS, currently the costs of the remaining training are \$153,883.00 with the FEMA share of \$141,426.00; and

WHEREAS, the City has received donations for the City's match for both the rescue and hazmat training,

NOW, THEREFORE BE IT RESOLVED, by the City Council of the City of Sapulpa, Oklahoma, that the following budget amendment be made:

GRANTS AND AID FUND

| (Increase) | 60-4385 Grant: FEMA (Fire) Total Revenues Increase: | \$141,426.00 \$141,426.00 |
|------------|--|------------------------------|
| (Increase) | 60-585-108 Call-Back Pay | \$106,383.00 |
| (Increase) | 60-585-301 Training & Travel | 47,500.00 |
| | Total Appropriations Increase: | \$153,883.00 |

PASSED BY THE CITY COUNCIL FOR THE CITY OF SAPULPA, OKLAHOMA and signed by the Mayor this 16th of December 2019.

| | Reg Green, Mayor |

City Council Regular

Meeting Date: December 16, 2019

Submitted For: Steve Hardt, Public Works Director

Submitted By: Shirley Burzio, City Clerk

Department: Public Works **Presented By:** Steve Hardt

SUBJECT:

Discussion and possible action regarding a Resolution of the City of Sapulpa, Oklahoma, concerning bridge inspection responsibility by local government for compliance with National Bridge Inspection Standards, Bridge Inspection Contracts for the period April 1, 2020, to March 31, 2022.

BACKGROUND:

To comply with the National Bridge Inspection Standards and avoid federal-aid sanctions, all Local Governments must select an Oklahoma Department of Transportation (ODOT) approved engineer to perform bridge inspections every two years at no cost to the City. This selection may be made in one of the following four ways:

- 1) Select one of the Oklahoma Department of Transportation's pre-qualified engineering firms.
- 2) Elect to do bridge safety inspections with our own forces using inspection teams and an oversight engineer fully qualified as mandated by the National Bridge Inspection Standards.
- 3) Use the same consultant as Creek County.
- 4) Let the Oklahoma Department of Transportation make our selection.

RECOMMENDATION:

Staff recommends the City select option #3 and use the same consultant as Creek County.

CONCERNING BRIDGE INSPECTION RESPONSIBILITY BY LOCAL GOVERNMENT FOR COMPLIANCE WITH NATIONAL BRIDGE INSPECTION STANDARDS

Bridge Inspection Contracts for April 1, 2020 to March 31, 2022

WHEREAS, the City of Sapulpa has the responsibility of bridge maintenance and safety inspections.

WHEREAS, the City of Sapulpa has the following options:

- (1) Select one of ODOT's prequalified engineering firms.
- (2) Elect to do bridge safety inspections with your own forces using inspection teams and an oversight engineer *fully qualified* as mandated by the NBIS (National Bridge Inspection Standards).
- (3) Use the same consultant as Creek County.
- (4) Let ODOT make your selection.

Department: Legal

Presented By: David Widdoes

SUBJECT:

Discussion and possible action regarding Addendum 2 to Lease Agreement with Glass Design, Inc. for the property located at 8810 West 100th Street South, Sapulpa, Oklahoma.

BACKGROUND:

On February 8, 2018, the City of Sapulpa took possession of the property and 3 structures located 8810 W 100th Street S, Sapulpa, Oklahoma. One of the structures currently houses the new animal shelter for the City. The other two structures on the property are to be utilized as the public works complex for the City. Work on the remaining 2 structures is set to commence after the end of the current fiscal year.

The proposed amendment to the current lease agreement with Glass Design will allow the tenant to remain at the location through June 2020.

RECOMMENDATION:

Staff recommends Council approve the Addendum 2 to Lease Agreement as agreed and authorize Mayor to execute same.

Attachments

Addendum 2 to Lease Agreement

ADDENDUM II to

LEASE AGREEMENT WITH GLASS DESIGN, INC.

THIS SECOND ADDENDUM agreement, made and entered into this _____ day of December 2019, by and between the City of Sapulpa, Oklahoma, municipal corporation ("Landlord") and Glass Design Inc. ("Tenant"):

WHEREAS, the Landlord and Tenant have entered into a written Lease Agreement dated March 5, 2018, for the use of certain real property with a street address of 8810 W. 100th Street, Sapulpa, Oklahoma 74066 ("Lease" or "Lease Agreement"); and

WHEREAS, the term of the Lease was extended by written Addendum and is set to expire at midnight on December 31, 2019; and

WHEREAS, Landlord and Tenant have agreed to extend the Lease as provided for by the written provisions of this agreement.

NOW THEREFORE, in consideration of the mutual terms, covenants and conditions hereinafter set forth, the parties agree as follows:

- 1. The Term of the Lease is extended for an additional six (6) month period and shall expire at midnight on the last day of June, 2020 ("Extended Term").
- 2. Tenant shall pay Rent of \$3,000.00 in advance on the first day of each month of the Extended Term.
- 3. All other terms and conditions of the Lease Agreement remain in full force and effect and are otherwise unaffected by this addendum.

IN WITNESS WHEREOF, the parties have caused this Addendum agreement to be executed the day and year above written.

AGREEMENT TO FURNISH ENGINEERING SERVICES TO THE CITY OF SAPULPA

This Agreement made this <u>22nd day of Nov, 2019</u>, between the firm of McClelland Consulting Engineers, Inc., hereinafter referred to as the ENGINEER, and the City of Sapulpa, Oklahoma, hereinafter referred to as the OWNER, wherein the ENGINEER agrees to provide certain services as defined in Article 1 and for the consideration in Article 2 herein.

ARTICLE 1

The OWNER has selected the ENGINEER to assist with certain Engineering Services and may select the ENGINEER for future services.

These services, when requested by the OWNER, will be described in specific Work Orders which become a part of this agreement upon execution. The ENGINEER agrees to perform the services described in the Work Orders after execution by both parties to the Agreement.

ARTICLE 2

The compensation for services to be provided will be negotiated and specified in each Work Order.

ARTICLE 3

Payment to the ENGINEER for services provided as described in Article 1 is to be made within 30 days after date of billing. The amount due will be for services rendered during the previous month based on the percentage of completion or actual costs, as appropriate.

ARTICLE 4

It is further mutually agreed by the parties hereto:

4.1 That the OWNER will designate a single representative to direct and coordinate the ENGINEER's efforts and who will be the only source of instructions to the ENGINEER and who shall have the authority to interpret the OWNER's policy as necessary to maintain the ENGINEER's work schedule, administer the Agreement, and certify the ENGINEER's payment requests.

- 4.2 That the OWNER shall make available to the ENGINEER all technical data in the OWNER's possession, including laboratory tests, maps, surveys, borings, and other information required by the ENGINEER and relating to ENGINEER's work.
- 4.3 That the OWNER will provide staff assistance in locating utilities & appurtenances and will uncover utilities (such as manholes) as necessary to provide access.
- That the estimates of cost for the Project provided for herein are to be prepared by the ENGINEER through exercise of his experience and judgement in applying presently available cost data, but it is recognized that the ENGINEER has no control over cost of labor and materials conditions, so that he cannot warrant that the Project construction cost will not vary from his cost estimate.
- It is anticipated that most of the work orders will be completed on a Lump Sum basis, percent of construction cost, or standard hourly rate plus direct expense basis. However, for work completed on cost reimbursement plus direct expense basis will be calculated as follows: That the ENGINEER'S Salary Overheads are defined as a percentage of wages or salaries of employees working and premiums measured by or applicable at the time of performance to such wages or salaries, such as but not limited to, Worker's Compensation Insurance, Social Security, State and Federal Unemployment Insurance, medical-hospital insurance, pension plan costs, and pro rata allowances for vacation, sick pay, and holiday pay. Profit is to be 15% of cost. The overall multiplier is 3.3 x direct labor.

That the ENGINEER's direct expenses are defined as the costs incurred on or directly for the Project, other than the Salary and General Overhead Costs, as defined hereinbefore. Such direct expenses shall be computed on the basis of actual purchase price for items obtained from commercial sources and on the basis of usual commercial charges for items provided by the ENGINEER.

Direct expenses shall include, but not be limited to, necessary transportation costs, including mileage at the ENGINEER's current rate per mile when the ENGINEER's own automobiles are used; meals and lodging; laboratory tests and analyses; computer services; word processing services; telephone; and printing and binding charges, and subconsultant charges.

- 4.6 That if payment of the amount due as prescribed in Article 2, or any portion thereof, is not made within the period specified in Article 3, interest on the unpaid balance thereof will accrue at the rate of 10 percent per annum and become due and payable at the time said overdue payments are made.
- 4.7 That the ENGINEER shall maintain a level of competency presently maintained by other practicing professional engineers in the same type of work for the professional and technical soundness and accuracy of all designs, drawings, specifications, and other work and materials furnished under this Agreement.

- 4.8 That either party may terminate this Agreement at any time by a notice in writing to the other party. If the Agreement is terminated as provided herein, the ENGINEER will be paid for services actually performed; the amount of said payment shall bear the same ratio to the total compensation specified as the services actually performed bear to the total services of the ENGINEER, less payments of compensation previously made.
- 4.9 That the OWNER may, from time to time, request changes in the scope of the services of the ENGINEER to be performed hereunder. Such changes, including any increase or decrease in the amount of the ENGINEER's compensation, which are mutually agreed upon by and between the OWNER and the ENGINEER, shall be incorporated in written amendments to this Agreement, and will be paid in accordance with paragraph 4.5 above.
- 4.10 That unless otherwise stated in a Work Order the OWNER shall pay for all costs of publishing advertisements for bids; for obtaining drawing reviews, permits, and licenses that may be required by local, state, or federal authorities; and shall pay for and secure the necessary land, easements, and rights-of-way as described by the ENGINEER or local surveyor.
- That all claims, counter-claims, disputes and other matters in question between the OWNER and the ENGINEER arising out of or relating to this Agreement or in the breach thereof, will be decided by binding arbitration only if both parties hereto specifically agree to the use of arbitration in regard to the individual matter in dispute. The total liability, in the aggregate, of ENGINEER and ENGINEER'S Officers, Directors, Employees, Agents and Independent Professional Associates and Consultants, and any of them to OWNER and anyone claiming by, through or under OWNER, for any and all injuries, claims, losses, expenses or damages whatsoever arising out of or in any way related to ENGINEER'S services, the project or this agreement from any cause or causes whatsoever, including but not limited to the negligence, errors, omissions, strict liability or breach of contract of ENGINEER or ENGINEER'S Officers, Directors, Employees, Agents or Independent Professional Associates or Consultants, or any of them, shall not exceed the total errors and omissions insurance coverage of \$1,000,000.
- 4.12 That, in the event of any legal or other controversy requiring the services of the ENGINEER in providing expert testimony in connection with the Project, except suits or claims by third parties against the OWNER arising out of errors or omissions of the ENGINEER, the OWNER shall pay the ENGINEER for services rendered in regard to such legal or other controversy on a basis to be negotiated.

That the OWNER will pay the ENGINEER for labor and expenses incurred in satisfying the requirements and assisting in any audit required by the OWNER or any of their duly authorized representatives. The basis of payment will be specified in an Amendment to this Agreement.

- 4.13 That visits to a construction site and observations made by the ENGINEER as part of his services shall not relieve the construction contractor(s) of his obligation to conduct comprehensive inspections of this work sufficient to ensure conformance with the intent of the Contract Documents, and shall not relieve the construction contractor(s) of his responsibility for all construction means, methods, techniques, sequences, and procedures necessary for coordinating and completing all work under the construction contract(s) and for all safety precautions incidental thereto. Such visits by the ENGINEER are not to be construed as part of the observation duties of on-site observation personnel.
- 4.14 That the ENGINEER shall provide on-site observation personnel as required if directed by Work Order, and will make reasonable efforts to guard the OWNER against defects and deficiencies in the work of the contractor(s) and to help determine if the construction contract(s) has been fulfilled.
 - Their day-to-day observation will not, however, cause the ENGINEER to be responsible for those duties and responsibilities which belong to the construction contractor(s) and which include, but are not limited to, full responsibility for the techniques and sequences of construction and the safety precautions incidental thereto, and for performing the construction work in accordance with Contract Documents.
- 4.15 That the ENGINEER has the right to subcontract services; however, the OWNER has the right to approve subcontractors who perform work on the Project in excess of \$10,000.
- 4.16 All Tracings, Specifications, and computer disks prepared or furnished by ENGINEER (and ENGINEER'S independent professional associates and consultants) pursuant to this Agreement are instruments of service in respect of the Project and ENGINEER shall retain an ownership and property interest therein whether or not the Project is completed. OWNER may make at his cost and retain copies for information and reference in connection with the use and occupancy of the Project by OWNER and others; however, such documents are not intended or represented to be suitable for reuse by OWNER or others on extensions of the Project or on any other project. Any reuse without written verification or adaptation by ENGINEER for the specific purpose intended will be at OWNER'S sole risk and without liability or legal exposure to ENGINEER, or to ENGINEER'S independent professional associates or consultants, and OWNER shall indemnify and hold harmless ENGINEER and ENGINEER'S independent professional associates and consultants from all claims, damages, losses. and expenses including attorney's fees arising out of or resulting therefrom. Any such verification or adaptation will entitle ENGINEER to further compensation at rates to be agreed upon by OWNER and ENGINEER.
- 4.17 That this Agreement is to be binding on the heirs, successors, and assigns of the parties hereto and is not to be assigned by either party without first obtaining the written consent of the other.

ARTICLE 5

WORK ORDER NO. 1 ON-CALL ENGINEERING SERVICES FOR

MISCELLANEOUS REPORTS, STUDIES, DESIGNS, MEETINGS AND OTHER RELATED ITEMS AS REQUIRED BY THE CITY OF SAPULPA, OKLAHOMA

This Work Order amends Articles 1,2, and 5 of the Basic Agreement executed the <u>22nd</u> day of November, 2019, between McClelland Consulting Engineers, Inc., hereinafter referred to as the ENGINEER and the City of Sapulpa, Oklahoma, hereinafter referred to as the OWNER on this the 22nd day of November, 2019.

ARTICLE 1

The OWNER from time to time may require miscellaneous engineering services. These services may include, but are not limited to report preparation, assistance with design review for the planning department, cost estimating, miscellaneous designs regarding streets, stormwater, water utilities, wastewater utilities, etc., stormwater hydraulic studies, meetings, surveys, general consultation, etc.

Task No.1 – Engineering Services

The ENGINEER will assist the OWNER by providing the above described services and others as requested.

ARTICLE 2

Task No.1 - Engineering Services

Compensation for services described in Task No.1 shall be on an hourly rate plus direct expense basis. The hourly rates shall be those that are currently in use at the time the service is provided.

ARTICLE 5

IN WITNESS WHEREOF, the parties hereto each herewith subscribe the same in duplicate.
